INTERVIEW SUMMARY

On September 3, 2008 the Applicant's representative, A. Blair Hughes (Reg. No. 32901) held a telephonic interview with Examiner John W. Lee to discuss this application. The following is a summary of the interview.

- The examiner was provided in advance with a one page summary of the three primary patentability positions raised by the Applicant's in their November 6, 2007 Office Action Response.
- The purpose of the interview was to learn the examiner's reasoning for rebutting the Applicant's primary patentability positions as the Final Rejection did not include a rebuttal of Applicant's patentability positions as required by MPEP §706.07.
- The Madachy reference was discussed as were independent claims 1 and 22.
- No consensus was reached regarding claim patentability.
